Home Nursing in Simple Les-

The latest bulletin of the State Board of Health is a complete textbook on home nursing, prepared by the head of the nursing bureau, Mrs. Croxton It gives in simple terms a com plete course of elementary instruction in nursing, a subject particularly important at present in view of the shortage of doctors and of nurses through-

out Virginia. There are chapters dealing with the sick room and its equipment, taking temperatures, giving baths and other toilet information, care of patients, doctor's orders, use of hot water bags, ice bags, plas rs, etc., collection of speci-

.. An Appreciation ..

REING impossible for me to thank each one of my friends and customers in person, I take this method of thanking one and all for their kind patronage during the past year, which was one of the best years I have enjoyed since I have been in business. While prices on many artic'es have seemed unnecessarily high, it was due to the whole ale cost, and not to any profiteering on the part of the retailer. I have sold my goods at as close a margin as I possibly could, allowing myself only a living profit. I hope to be able early in this year to announce further reductions in the prices of goods. I will give you the benefit of as low prices as any other merchant.

Again thanking you, I wish to announce that I will keep my three-story building chock full of seasonable merchandise at all times, and ask that you accord me a continuance of your liberal patronage.

I wish you one and all a prosperous and happy new year.

Gratefully,

H. M. BURGE

Wish to thank our patrons and friends for our past year's business. We appreciate each bit of business you have given us whether large or small, and will do everything in our power to give you prompt service and your money's worth throughout the coming year.

We now have on display guaranteed Axes at \$1.65.

Wishing you all the prosperity and happiness that a new year can give.

And interest is what makes dollars grow-safely.

Of course, if you have saved money, you have it on interest-it not in good securities, then certainly in the bank.

Surely you are not one of those who use shot bags, stockings, tin cans and pots as depositories. If you are, you'll eventually be sorry.

It's far better to be safe than sorry.

We pay 4 per cent interest—100 per cent SAFETY.
